*3 For the GCE A-Level, applicants must complete the subjects and assessments that have been set by the university below.

- Bachelor’s Program in Interdisciplinary Engineering:
Complete three or more Advanced Level subjects including mathematics at grade E or above.

(2) Application Conditions

All applicants must meet the following conditions [1] through [3].

[1] Recommendation by Home-room Teacher/ Counselor/ School Principal

Please see “6. Application Documents (3)” for detail.

[2] English Proficiency

Proficiency in English is a minimum admission requirement for all English taught degree programs offered by the University of Tsukuba. Applicants are required to have taken TOEFL or IELTS. The guidelines for preferred English level are as follows:

Qualification	Score
TOEFL (iBT)	80 or higher
IELTS (Academic)	6.5 or higher

***NOTE: Applicants whose medium of instruction at the high school (upper secondary) level was English for three years are not required to submit TOEFL or IELTS scores, but recommended.**

[3] Mathematical Skill

Another minimum requirement for the Bachelor's Program in Interdisciplinary Engineering is proficiency in Mathematics. We measure skills in Mathematics by test scores from one of the standardized examinations as listed below:

- International Baccalaureate,
- Abitur [Germany],
- GCE A-Level/International A-Level [UK],
- SAT/ACT [US]*,

*NOTE for SAT & ACT:

1. You are required to submit an official score directly from the testing agency.
2. We do not accept a "Super Score" from SAT.
3. We do not require the SAT Essay or ACT Writing exam sections.
4. You will self-report your test scores during the online application procedure. But you will be required to provide official scores directly from the testing agency by December 16, 2022.

4. Selection Method

Admission screening procedures consist of two selection-stages. Only those who passed the first stage can proceed to the second stage.

(1) First Stage Screening

A comprehensive evaluation of the submitted documents (qualification certificates, transcripts, certificates of English ability, test results of standardized examinations, reference letter, personal statement, and other supporting documents).

(2) Second Stage Screening

Individual interviews will be conducted for applicants who have passed the first stage screening. The interview will be used for an overall evaluation of the applicant's English abilities, basic academic knowledge in the field of specialization, and motivation as well as awareness to contribute to the Bachelor's Program in Interdisciplinary Engineering.

5. Online Application Procedures

I. Application Procedures

(1) Online Application through "The Admissions Office" (thereafter called just as TAO)

- Access TAO, an online application website, and select "University of Tsukuba" on the top page.

*You need to create an account as an applicant to apply.

- Select the “School of Science and Engineering” for “Department/Course”, “Bachelor's Program in Interdisciplinary Engineering” for “Program/Major” and “Interdisciplinary Engineering” for “Admission Scheme” and click “Start my application”.

“The Admissions Office” <https://admissions-office.net/en/portal>

(2) Submitting the “documents prepared by applicant”

- Submit the necessary documents along the guidance on the left sidebar.
- Some documents require to type the necessary information into TAO, and others require to submit the documents by uploading image or PDF files. Please see “6. Application documents” for details.

(3) Submitting the “documents prepared by person other than applicant”

- “Documents prepared by person other than applicant” are those submitted by a third person based on a request by applicant through TAO. Please type the email address of the person to ask to submit the document and click “Request”.
- Applicant needs to send the PDF form and ask the person in advance to prepare the document. Please see “6. Application documents” for details about the form.

(4) Payment of examination fee

- Make a payment for the 1st stage screening (JPY 4000) via TAO. Only credit cards are available for the payment.
- The examination fee is non-refundable after the payment.
- It is also acceptable if someone else pays the examination fee by credit card on your behalf.
- Applicants who pass the first stage screening are required to pay the examination fee for the second stage screening (JPY 13,000). The payment period and method will be announced with the result of the first stage screening.

Overview of the examination fee:

Stages	For Whom	Examination Fee
First Stage Screening	All applicants	JPY 4,000
Second Stage Screening	Only successful applicants through the first stage screening	JPY 13,000

(5) Examination ID Card

- After the date of notification of Examinee number, it will be available to download an Examination ID Card on TAO. Be sure to print out your examination ID card during the designated period. The card will be created in PDF format. You will be asked to present the ID for your examination process.

*Important Note

- Please make sure to click “Complete my application” to finish the process. Be noted that you cannot change the contents of the application after you complete it.

II. Application Period and Due Date (JST)

Online application website is available from **October 26 (from 12 p.m. JST) to December 16 (until 5 p.m. JST), 2022**. It is necessary to complete the online registration, submitting required documents, and the payment of examination fee for the first stage screening by the end of this period.
